The sun is coming
reach out your hands
hold it, let it filter
through your soul.
Let it embrace you.

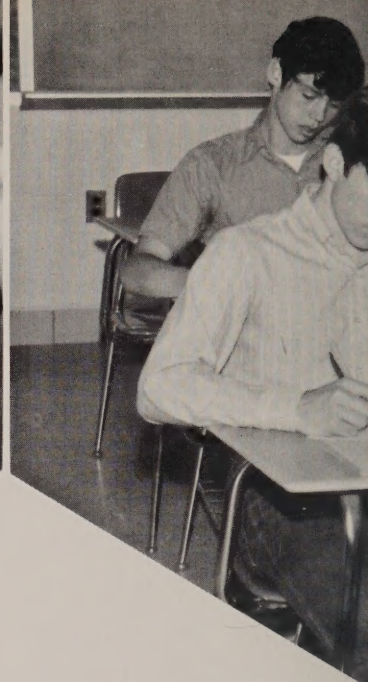

Look at the colors gathered
by nature.
More colors could not be made
by man;
happiness, fling out your
arms and jump.

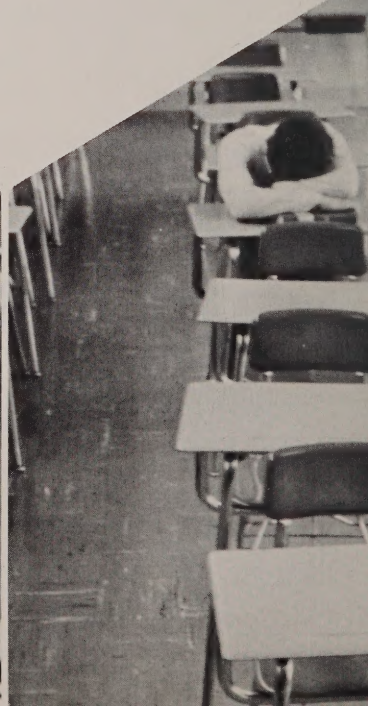

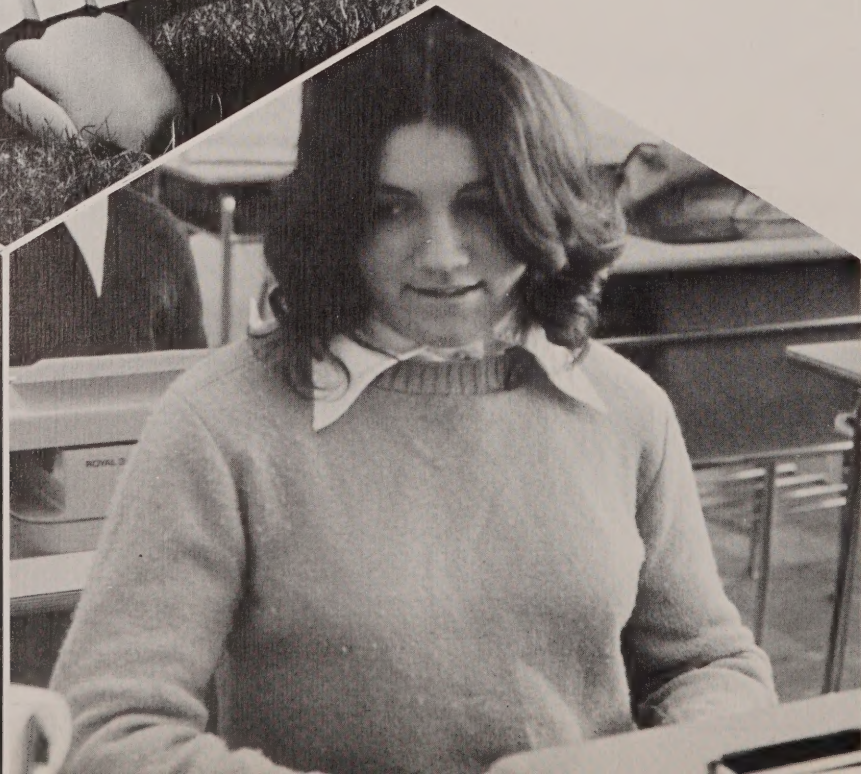

Today I am whole inside again.

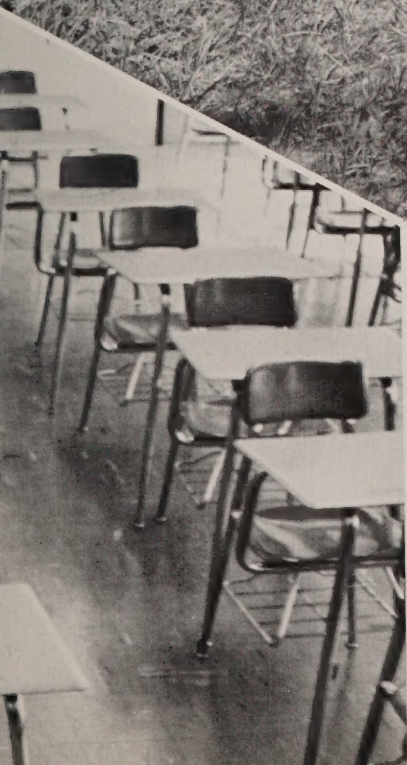

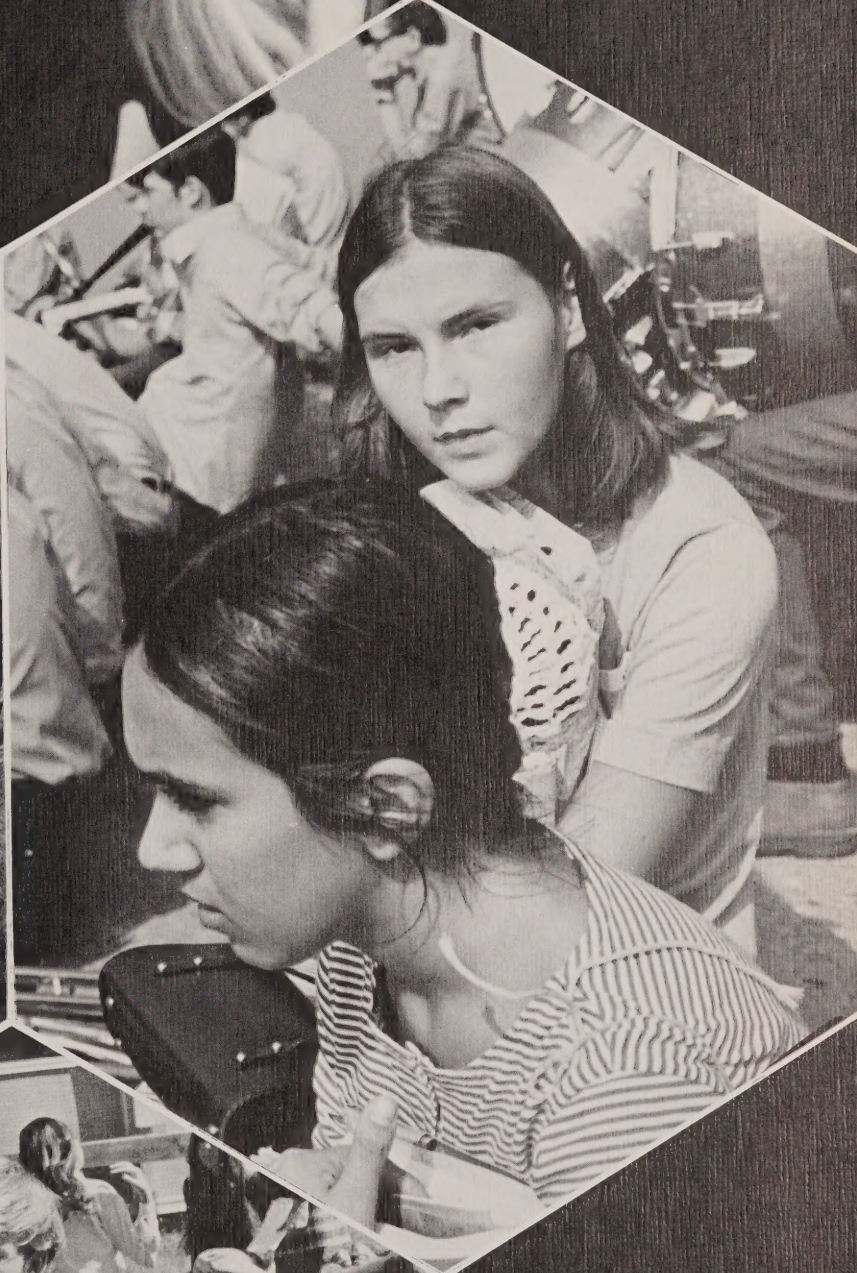

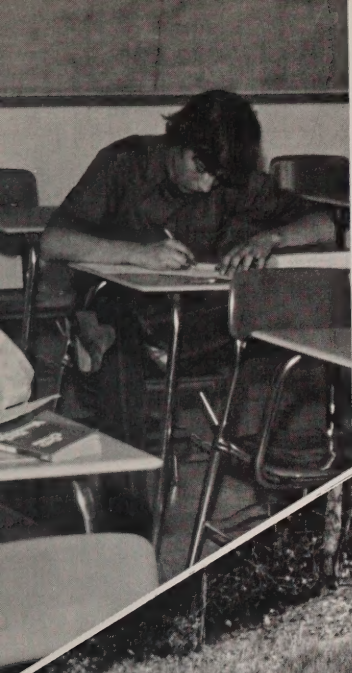

— Doneen Lynch

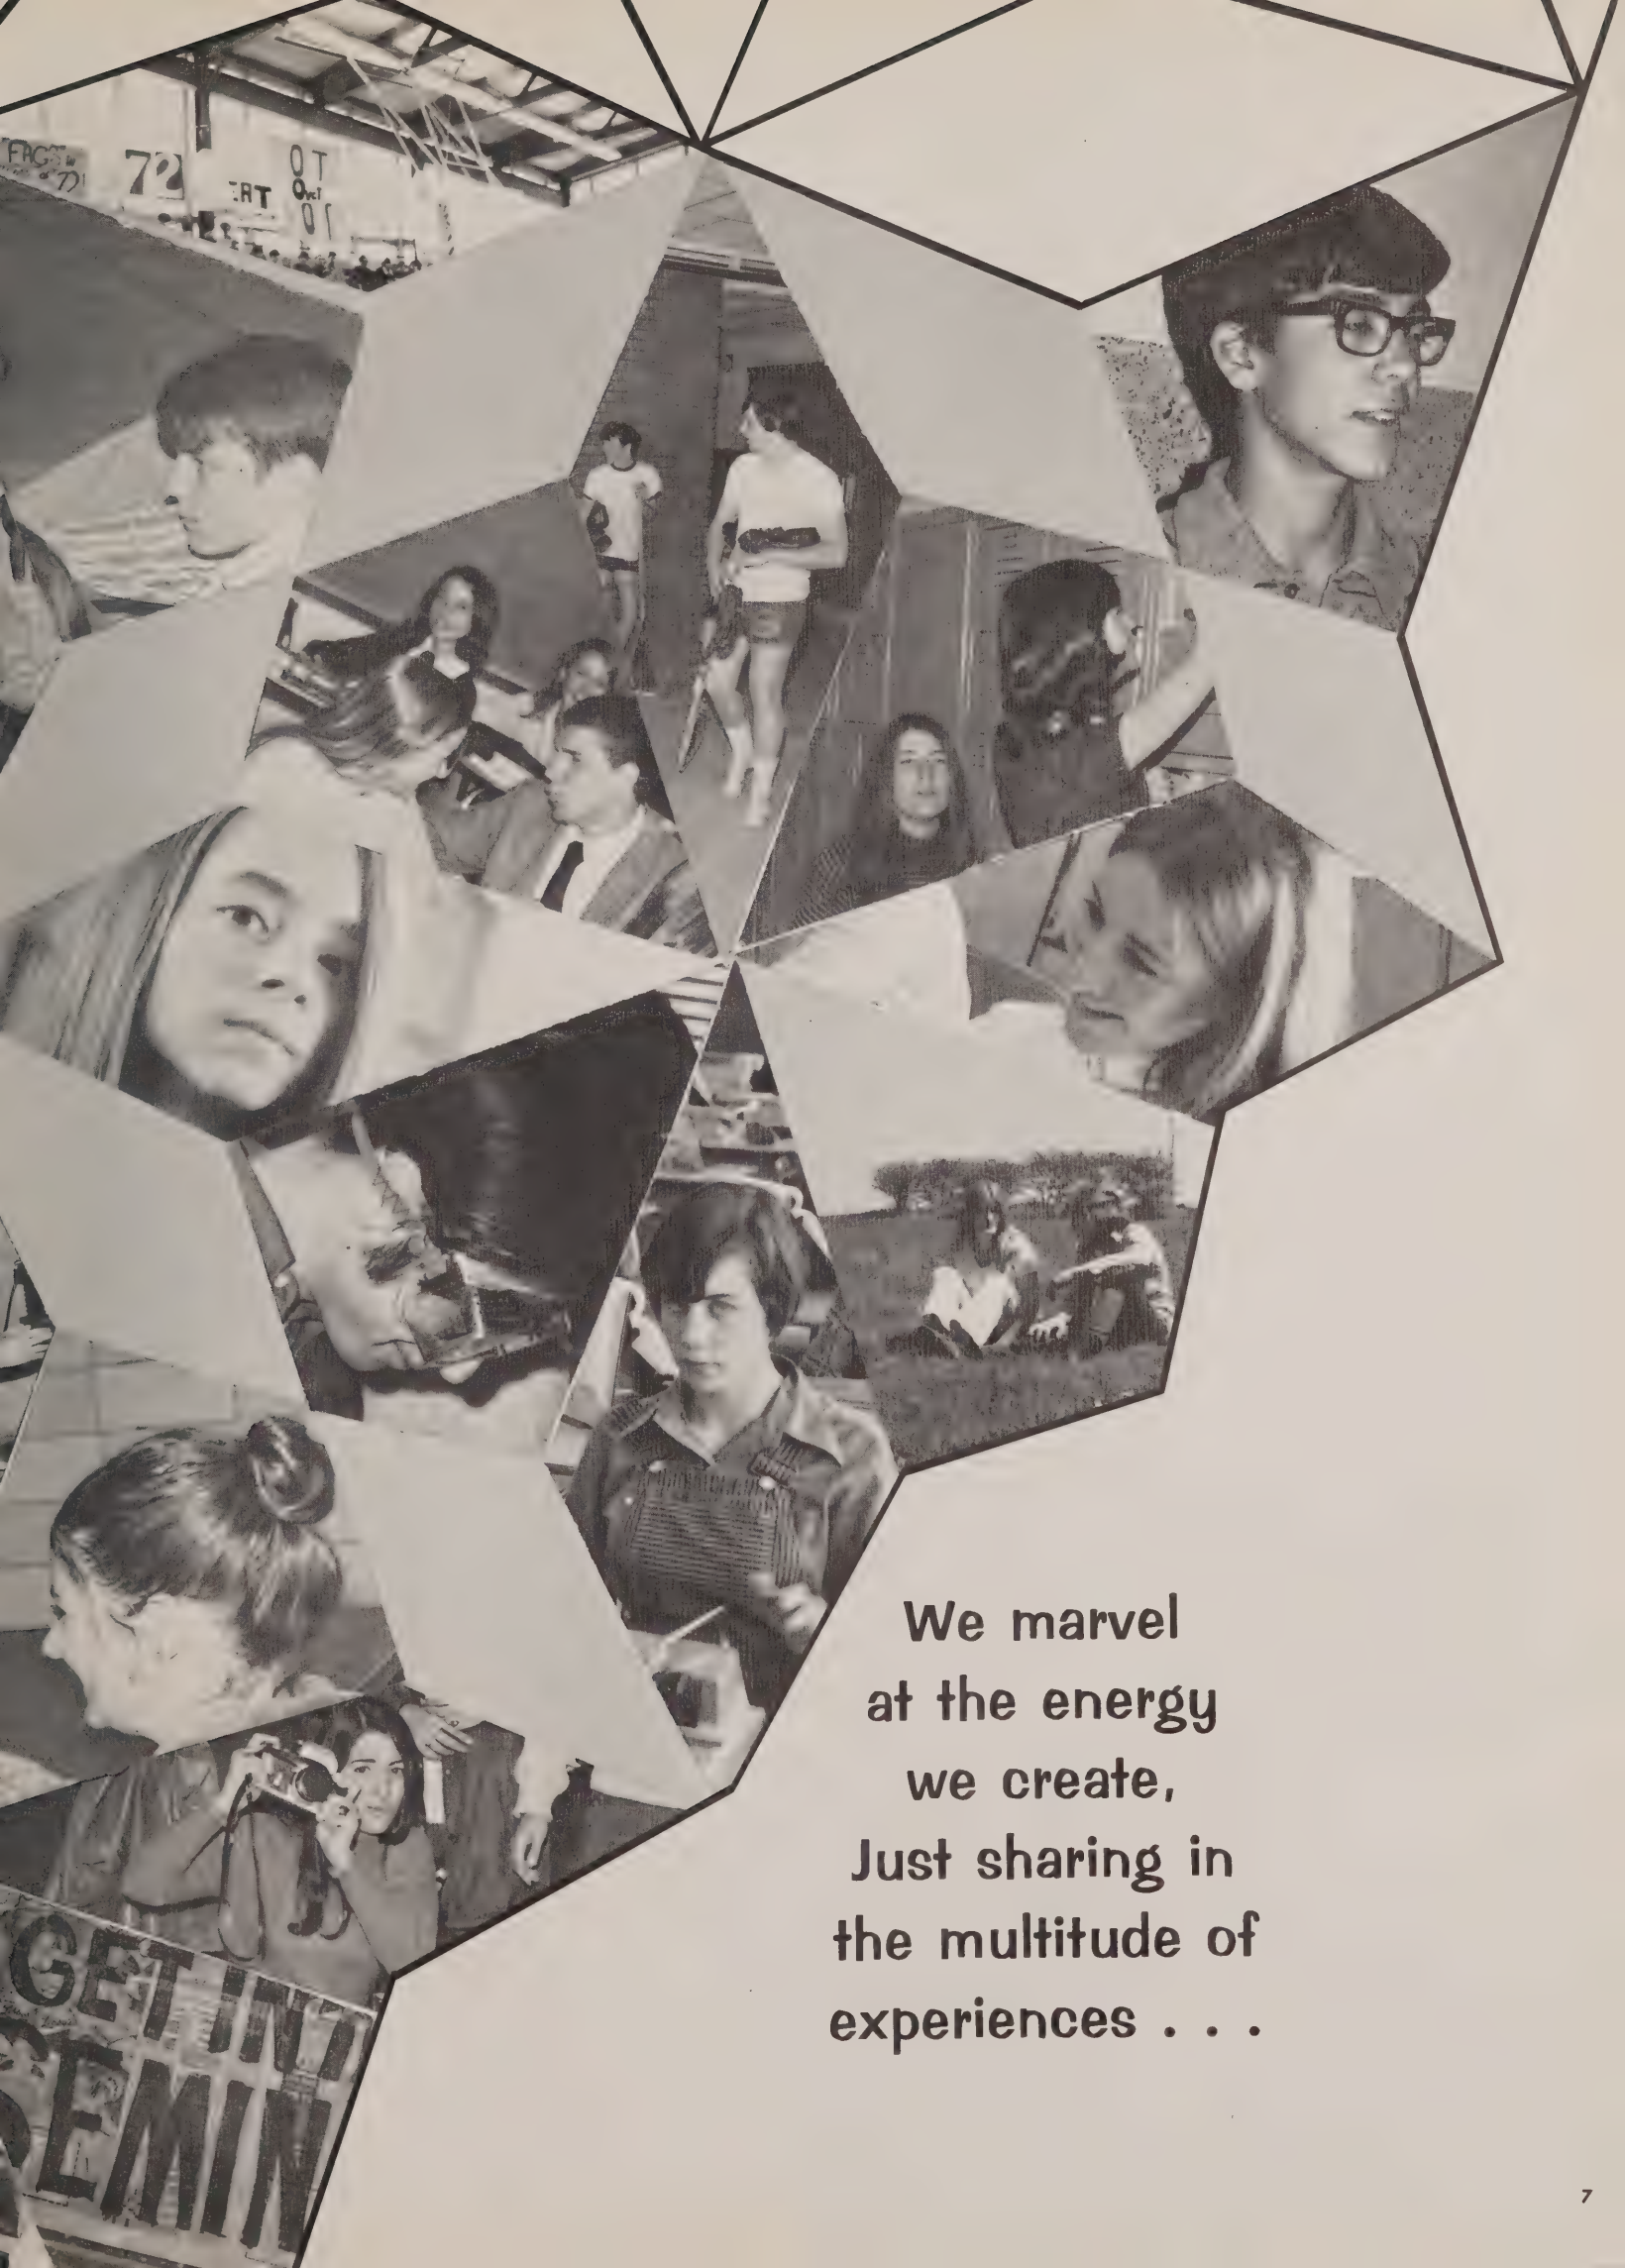

All things must pass . . .
We sit alone,
contemplating in
these final hours.
Beyond these walls,
Past imaginations lore
remains unknown
to us . . .

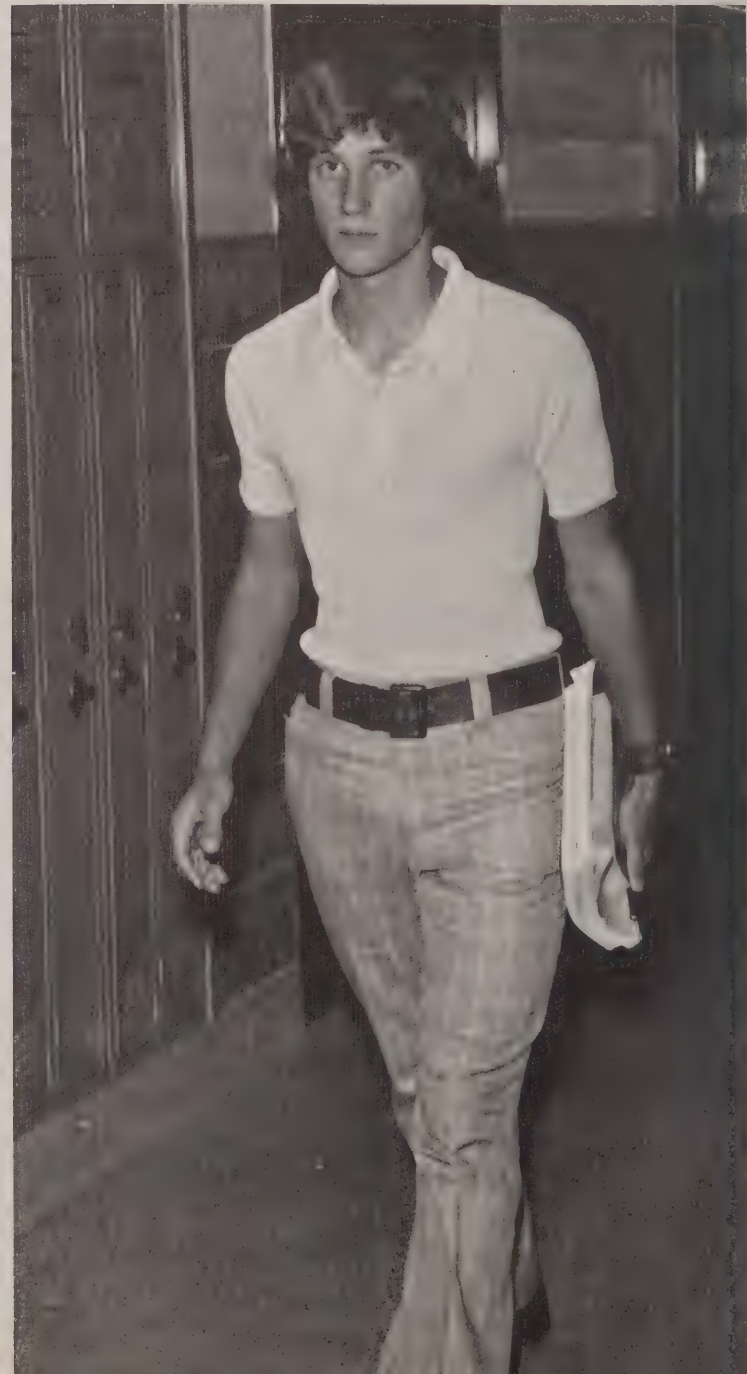

We marvel
at the energy
we create,
Just sharing in
the multitude of
experiences . . .

Together we
Our chase
to our
All things
And we are

touch the sky,
of the truth
lives continues.
must pass,
free to grow.
— Mark Zabierek

Not to light a candle
to brighten the path
of all mankind . . .

But just a match
in the darkness
for one another.

Such is our aim.

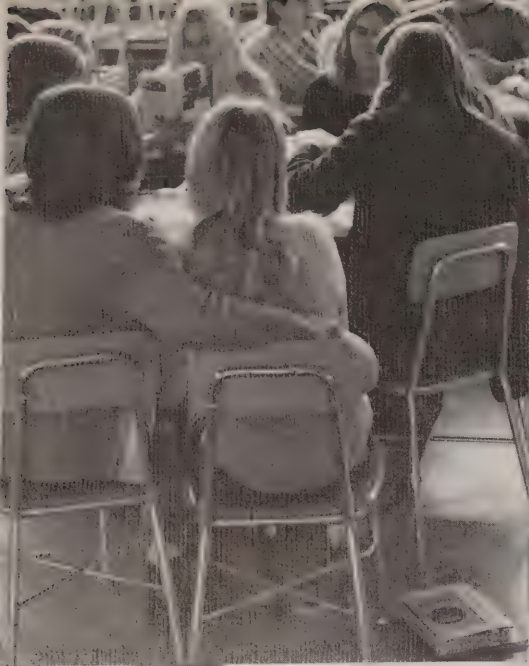

And if we've caused
just one spark
not to mingle
with the night . . .

Then our aim has been
fulfilled.

An abstract architectural drawing featuring a complex arrangement of lines and shapes. A prominent diagonal line runs from the top left towards the bottom right. To the left, a series of horizontal lines represent a staircase. Various rectangular and triangular forms are scattered throughout, suggesting architectural elements like walls, windows, and structural beams. The drawing is executed in black lines on a light background, with some areas filled with dark grey or black. The overall style is minimalist and geometric.

ACADEMIC SECTION

Principal's Message

Mr. Lewis Ernst, *Principal*

"The accumulation of the missed and compromised revolutions of modern times, with their consequent ambiguities and social imbalances, has fallen, and must fall, most heavily on the young, making it hard to grow up."

Growing Up Absurd

The Class of 1972 has come of age familiar with the sights and sounds of revolution, whether it be in music and art, values and mores, hair and dress style, or politics and religion. Important as these changes may seem, they pale when compared to the tasks which yet confront our society. The identification of grievances is essential, but the total commitment to the redress of these grievances must be the hallmark of your generation if you are to fulfill your high aspirations.

As a class, and as individuals, I commend you for your significant achievements and ideals. I know that the experiences and knowledge you have gained at North High School will serve you well in your future endeavors.

My sincere best wishes for a successful and happy future.

Advisor — Mrs. Monaghan

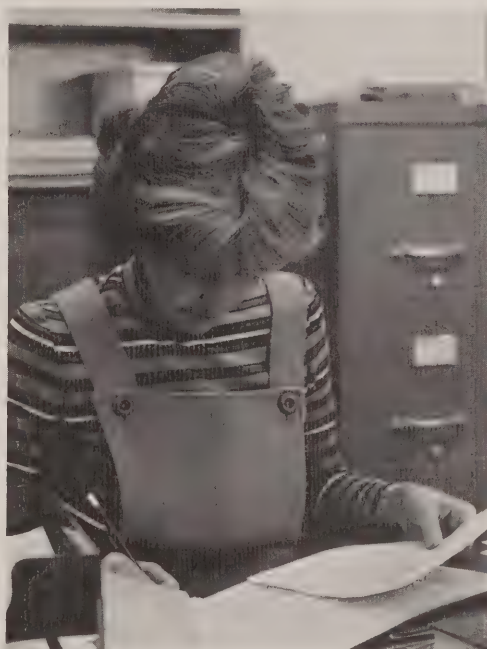

Mrs. Monaghan will be remembered by the class of 1972 as the most dedicated advisor we could possibly have had. She was always present at the class meetings and was a great ambassador when the going got rough. Many times she offered her helpful suggestions but she never forced us to a decision, only guided us.

Her main concern was for the class itself. She was ever present at the class activities. She sold drinks at the variety show, laughed at the donkey basketball game, and smiled warmly as the couples passed through the reception line at the prom. In our senior year she sold tickets at the dance, applauded at the play, covered her ears at the rock concert, and stood by us until graduation. Mrs. Monaghan is a great teacher and a friend to all who have the opportunity to meet this great lady.

Soccer '71

For the Spartan pitchmen, it was one step closer to domination of the Bay State Soccer League. A thrilling win over Braintree and a victory over the Needham powerhouse rated as highlights of the season. Coach George Wheeler, with the able leadership of senior co-captains Robby Henderson and Mark Cohn, led his team through an encouraging preview of North High Soccer. Goalie Steve Bernardi, fullbacks Gary Bechtold and Scott Menard, halfbacks Barry Schwartz and Herb Nachtrab, striker Jim Fitzgerald, and player-manager Art Davidson were fine representatives of the class of 1972. Selected to the Bay State League All-Star Team were Robby Henderson, Mark Cohn, and Jim Fitzgerald.

Cross Country

Led by co-captains Kevin McMahon and Seth Hoogasian, the 1971 edition of Spartan Cross-Country fared admirably in the Bay State League. Although not reflected in records or statistics, the Harriers were one of the strongest units that their foes faced all year. Under the direction of Coach Len Conlin, the Spartans nearly defeated perennial champion, Needham. As little as ten seconds might have made a marked difference in North's fortunes. The fine performance of the team is deserving of the esteem of their fellow students.

Saturday Afternoon Extravaganza . . .

. . . Vibrant, Colorful, And Alive.

Early frustration, determination, some electrifying victories, and final satisfaction marked this year of Varsity Football at North. Boasting an invulnerable defensive line and an explosive offensive backfield, the Spartans earned respect from all foes. With the graceful antics of high-scoring Tommy Winn, North set a panic over BSL defenders. Along with Carey and Jones in the line, the brilliant play of Jack Sharkey cannot be overlooked. In game action, the most satisfying points of the season were a crushing victory over South and a season-ending tie with Walpole. The deadlock with the previously unbeaten and subsequent Class A champs marked the final performance of the often immortal play of the Spartan defensive line. George Jones, Bill Carey, Mike Conway, Steve Erbach, Jack Sharkey, and Kenny Enright held the Rebel ground attack to nil. Captains Fair and Carey and Coach Insalaco are to be congratulated.

"Let us exalt in our present sufferings, for suffering brings endurance, and endurance brings proof that we have stood the test."

Hoopsters Improve With Season

Co-captain Jack Sharkey

This year's basketball squad had few things to boast about, but the accomplishments of a few individuals stand out when one reviews the season. The outstanding scoring records of co-captain Duane Philpott are handsome and will rank him as one of the most prolific scorers in North's history. Burly Jack Sharkey, North's other co-captain, got the most mileage out of the desire, raw talent, and courage he had. Jack was the type of player that any coach would have been pleased with. Victories over Framingham South and Natick rate as hi-lights of the season. The excitement of those two games could fill a season.

Skip *College*
I feel like waking up
And going outside
Into a whisper of country air
And finding a warm spot
Where I can sit down
And get my rump all wet
And gulp down Sunshine
And take in the yellow morning Sky,
And then I'm going to go
Deep into the woods
And build my own monastery
With new leaves and rocks
And it will be my books
And my Music and My Room,
and my God and me.
I will dwell in my Church of twigs
And find the things that
People in stone houses look for.
And you know what?
I might not come back!

"When your friend speaks his mind you fear not the "nay" in your own mind, nor do you withhold the "ay."

And when he is silent your heart ceases not to listen to his heart;

For without words, in friendship, all thoughts, all desires, all expectations are born and shared, with joy that is unacclaimed.

When you part from your friend, you grieve not; ■■■

For that which you love most in him may be clearer in his absence, as the mountain to the climber is clearer from the plain.

And let there be no purpose in friendship save the deepening of the spirit.

For love that seeks aught but the disclosure of its own mystery is not love but a net cast forth: and only the unprofitable is caught.

And let the best be for your friend.

If he must know the ebb of your tide, let him know its flood also.

For what is your friend that you should seek him with hours to kill?

Seek him with hours to live.

For it is his to fill your need, but not your emptiness.

And in the sweetness of friendship let there be laughter, and sharing of pleasures.

For in the dew of little things the heart finds its morning and is refreshed."

— Kahlil Gibran

**"It's been a long time coming,
and it's sure to be a long time
gone."**

I am sure that these words express how we feel today. We have looked forward to this day for a long time. Yet, we cannot be sure that we are glad that it has come.

This past year, serving as your president, I have learned many things about life and about people. I have not only learned what to expect of other people, but also of myself. For this rewarding experience, I thank you. I would also like to thank Alan Bresner, Leslie Green and Ronnie Feldman, three unusual people who have worked hard for the class. An unpayable debt is owed to our class advisor, Mrs. Monaghan, who put up with us for four years.

The senior year is one of the easiest years to be a class officer. Surely the sophomore and junior years are very difficult. Therefore, I would like to thank Bob Zinck for leaving the class in good shape.

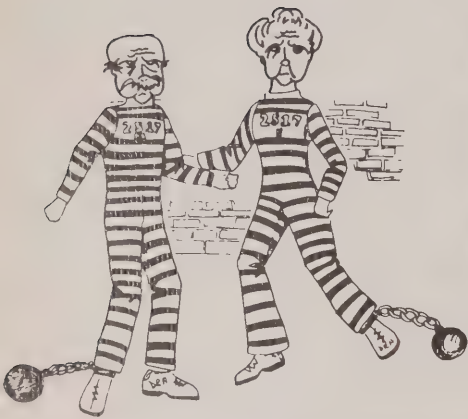

God bless you and good luck in whatever you do.

Sincerely,

A handwritten signature in cursive script, reading "Richard J. Gigallon".

High School . . .

The beginning
of our happiest . . .

Surely not our most
satisfying years.

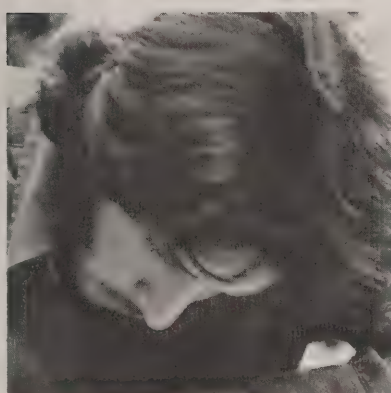

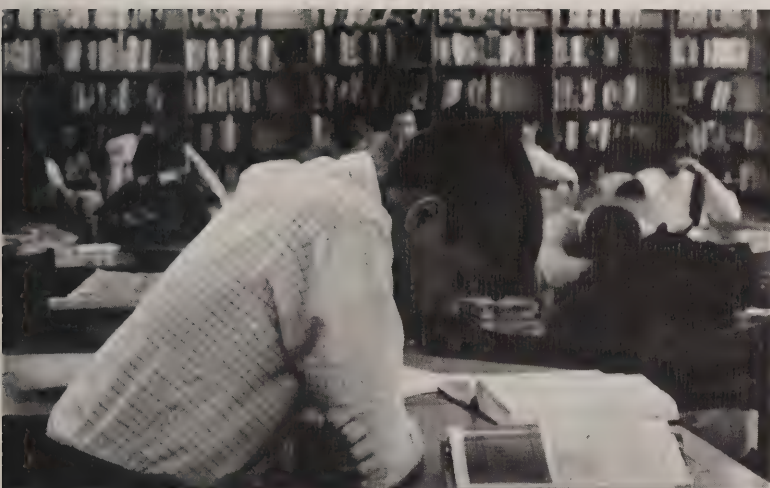

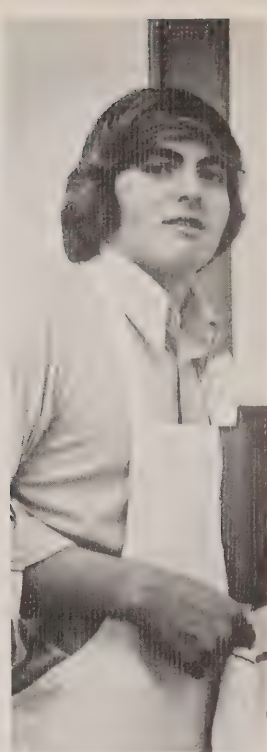

The learning process . . .

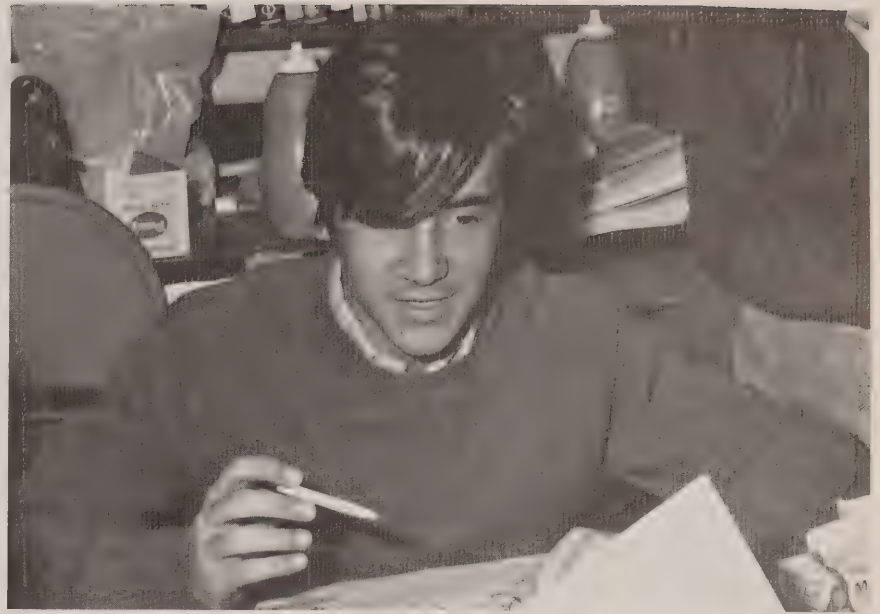

At times it was boring and
unfruitful . . .

Other times —
inspiring and productive.

We found
helping . . .

sharing . . .

and understanding . . .

We got by
with a little
help from
our friends.

The breaks in between were great
We met with people w

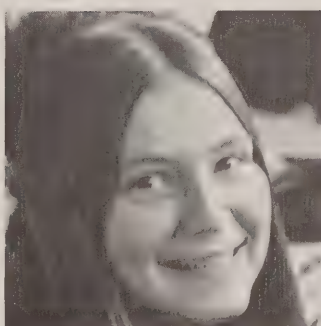

I have a friend I've
He hides his head insi

enjoyed being with.

From the long halls
voices of the people
rise in the morning
haze.

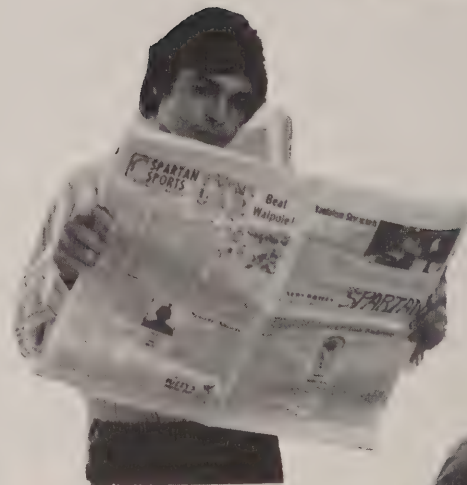

Ryôta

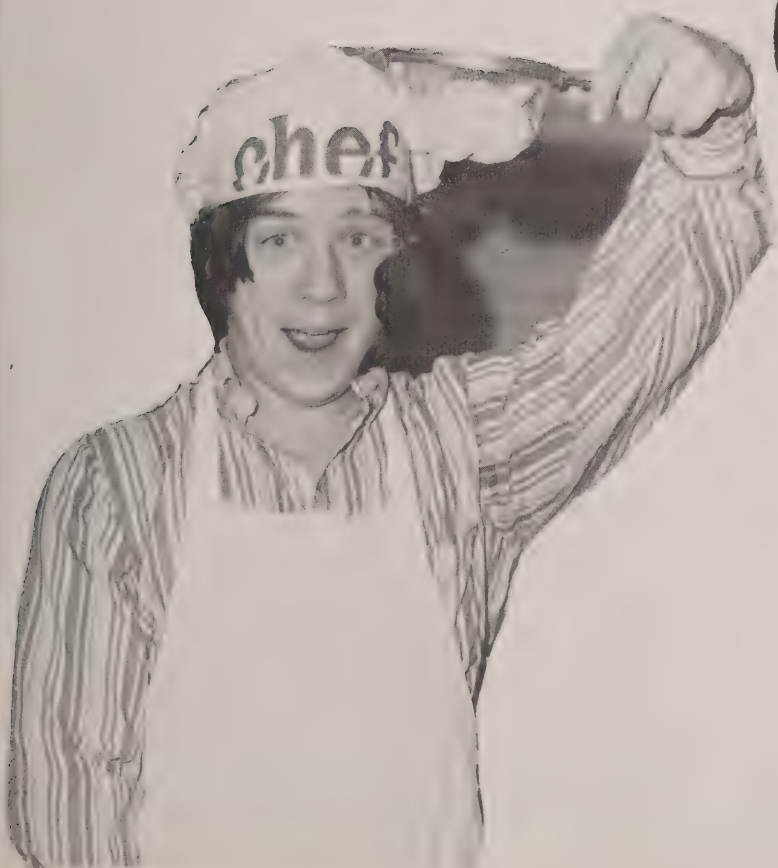

er seen,
dream . . .

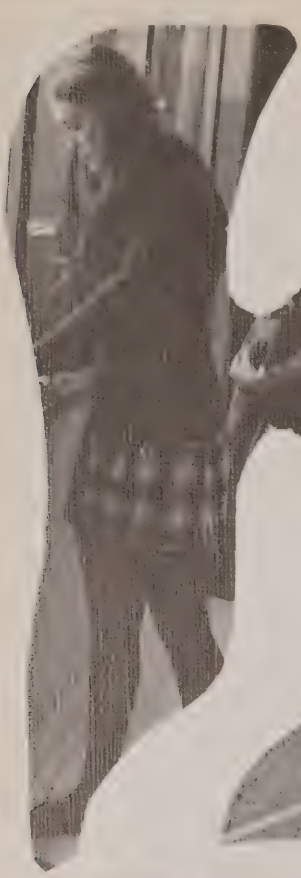

We were new and we were different . . .

and we'll continue to be new and different
throughout the rest of our lives.

In the beginning,
We lack not life only, but form.
Not form only, but spirit.
We are blended in one great
featureless mass.
Then a time came when the mass
evolved spirit,
Spirit evolved form,
Form evolved spirit.

Chang-Tzu

All things must pass
The past shall stay
In minds of all,
Tucked far away.

A thought comes near
From far behind,
A thought of joy,
Within my mind.

Bad thoughts, forget,
Good times will last;
And in my mem'ry
All things are past.

A thought comes near,
A thought of pain,
And in my mind,
All things remain.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. Your High School diploma is all the experience you need. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

Best Wishes to the Class
of 1972
from the

Framingham Women's
Police
Association

Congratulations to the Class of 1972

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.
